

Victor Valley Wastewater Reclamation Authority presents...

"A New Source of Water for Our Communities: Wastewater Treatment and Reuse"

This workshop is designed to meet state content standards for 5th grade students, based on science and math subjects. The workshop will feature an informative presentation on the treatment of wastewater, followed by a tour of the Victor Valley Wastewater Plant to discuss each phase of the treatment process.

BONUS

The Victor Valley Wastewater Reclamation Authority will be offering limited field trips to their facility for the 2004-2005 school year. Teachers will be able to sign up for the field trips during this teacher workshop!
